

# International Symposium on Porous Materials 2022

URL: <http://www.nc.iir.titech.ac.jp/2022/index.html>

## Sponsorship & Exhibition Prospectus

**Date** : October 12-14, 2022

**Venue** : Hybrid style: online and regional sites

**Tokyo site** Tokyo Tech Front (2-12-1 Ookayama, Meguro-ku, Tokyo, 152-8550, JAPAN)

Due to the situation affected by COVID19, many domestic and international conferences have been cancelled or postponed. Therefore, the opportunities of presenting the latest results and communicating with each other, for in particular young researchers including PhD students, have been highly limited.

The International Symposium on Porous Materials 2021 (ISPM2021) will take place via online during November 4-5, 2021. The symposium is intended to provide a forum for researchers in East Asia to discuss recent developments in research and applications of porous materials including zeolites, mesoporous materials, MOFs, and so on. We have successfully organized the ISPM2019 and ISPM2020.

ISPM2021 will consist of plenary, invited and oral presentations by young researchers and students. We hope that this symposium will be the start of strengthening the relationship among East Asia, and building a next generation network.

### Luncheon Seminar

- Date : Oct. 12 or 13, 2022 (Seminar time: 20 min)
- Place : Tokyo site and online streaming
- Price : 100,000 JPY
- Benefits : Complimentary registration for 2 persons  
Banner ad on the website (Size: 200W pixel × 200D pixel)

### Banner ad on the website

- Price : 50,000 JPY (Size: 200W pixel×100D pixel)  
100,000 JPY (Size: 200W pixel×200D pixel)
- Benefits : Complimentary registration for 2 persons

**Application deadline** : Sep.30, 2022

**Payment method**: Bank transfer
